BROKEN BBQ

Catering

WHO WE ARE

We started with a **pit, a passion,** and a **love for feeding people** — and decades of combined experience in the service and bartending world.

What began as a humble BBQ setup in Waco has grown into sought-after event experiences where we bring the smoke, the fire, the flavor, and the drinks right to you. Anthony's command of the pit isn't just skill — **it's consistency, precision, and the ability to deliver perfect plates every single time.** Paired with our top-tier bartending and hospitality, we turn events into the kind of nights people still talk about months later.

From intimate backyard dinners to 300-guest weddings, we handle it all — cooking on-site, serving with professionalism, and mixing signature cocktails that match the energy of your event. **We know how to make a host look like they thought of everything... because when you hire us, you have.**

-Anthony & Ashley

WHAT WE DO

At Broken G BBQ, we're more than a menu — **we're a full-on food experience.** Whether it's classic drop-off catering for a crowd, on-site cooking with our pit rolling in and the smoke rising, or custom chef-driven dinners that turn any space into a five-star meal, we bring the flavor and the show.

From brisket feasts to surf & turf spreads, each event is tailored to your guests, your space, and your vision — **so every bite tells a story worth remembering.**
